Gold.com Reports Fiscal Third Quarter 2026 Results

Q3 FY 2026 Diluted Earnings Per Share of \$2.09

\$59.5 Million in Net Income and \$103.4 Million in non-GAAP EBITDA in Q3 FY 2026

Company Announces Quarterly Cash Dividend

Costa Mesa, CA – May 6, 2026 – Gold.com, Inc. (NYSE: GOLD), (“Gold.com” or the “Company”), a fully integrated alternative assets platform that offers an extensive range of precious metals, numismatic coins, and collectibles to consumers, collectors, and institutional clients worldwide, reported results for the fiscal third quarter ended March 31, 2026.

Management Commentary

“Our third quarter results reflect the strength of our fully-integrated platform and our ability to capitalize on strong market conditions,” said Gold.com CEO Greg Roberts. “During the quarter, we benefitted from record-breaking metal prices and elevated market volatility, resulting in net income of \$59.5 million and diluted earnings per share of \$2.09. We successfully navigated these unprecedented market conditions and spike in demand by quickly scaling inventory and production levels at our mints and by leveraging our balance sheet.

“Operationally, we remained focused on driving synergies across our business units and maximizing efficiencies at every level. Our acquisition of Monex at the beginning of the quarter is already delivering strong returns, and the addition of Sunshine Mint at the beginning of the fourth quarter will meaningfully expand our production capabilities going forward. The favorable market conditions we experienced this quarter were global, with LPM continuing to build momentum across Asia, and JMB reporting record performance domestically, reinforcing the breadth of our platform.

“As previously disclosed, on February 4, 2026, the Company entered into a Securities Purchase Agreement with TPM, S.A. de C.V. (“TPM”), a controlled subsidiary of Tether Global Investments Fund, S.I.C.A.F., S.A. (“Tether”), whereby Tether via TPM agreed to purchase an aggregate of 3,370,787 shares of the Company’s common stock at a price of \$44.50 per share, for an aggregate purchase price of \$150.0 million. The first tranche of the shares was purchased on February 6, 2026, corresponding to 2,840,449 shares for a purchase price of \$126.4 million. Following receipt of regulatory clearance, the second tranche of 530,338 shares was purchased on May 5, 2026, for a purchase price of \$23.6 million. The Company also entered into storage, metals leasing and trading agreements with Tether affiliates and purchased \$20.0 million of Tether’s gold-backed stablecoin (“XAUT”). This partnership is a powerful validation of our vertically integrated model and opens an exciting new frontier, bridging our 60+ year legacy in physical precious metals with the emerging world of digital gold and stablecoins. Together, we believe we can build a global integrated gold ecosystem that serves both retail and institutional customers across physical and digital markets.

“Looking ahead, with an expanded portfolio of category-leading brands, improved operational leverage, nearly \$1 billion in shareholder equity, and deep experience across DTC and wholesale channels, Gold.com is positioned to capture growth across multiple markets and to continue to deliver long-term value for our shareholders.”

Fiscal Third Quarter 2026 Financial Summary

Revenues increased 244% to \$10.351 billion from \$3.009 billion in the same year-ago quarter. Excluding an increase of \$4.371 billion of forward sales, our revenues increased \$2.971 billion, or 186.5%, which was due to higher average selling prices of gold and silver as well as an increase in gold and silver ounces sold. Revenues also increased due to the acquisitions of SGI and Pinehurst in February 2025, AMS in April 2025, and Monex in January 2026.

Gross profit increased 331% to \$176.6 million (1.71% of revenue) from \$41.0 million (1.36% of revenue) in the same year-ago quarter. The overall gross profit increase was due to an increase in gross profits earned by both the Wholesale Sales & Ancillary Services segment and the Direct-to-Consumer segment, including the acquisitions of SGI, Pinehurst, AMS, and Monex, which were not fully included in the same year-ago period. The Direct-to-Consumer segment contributed 67% and 61% of the consolidated gross profit in the fiscal third quarters of 2026 and 2025, respectively. Gross profit contributed by JMB represented 27% of the consolidated gross profit in the fiscal third quarter of 2026 and 40% of the consolidated gross profit for the prior year fiscal third quarter.

Selling, general and administrative expenses increased 134% to \$78.0 million from \$33.4 million in the same year-ago quarter. The change was primarily due to an increase in compensation expense (including performance-based accruals) of \$27.1 million, higher advertising costs of \$7.6 million, an increase in insurance costs of \$4.5 million, an increase in bank service and credit card fees of \$1.9 million, and an increase in facilities expense of \$1.2 million. Selling, general and administrative expenses for the three months ended March 31, 2026 included \$33.0 million of expenses incurred by SGI, Pinehurst, AMS, and Monex, which were not included in the same year-ago period, as they were not consolidated subsidiaries for the full period. Excluding the increase from newly acquired subsidiaries, our selling, general and administrative expenses increased \$11.6 million from the prior year period.

Depreciation and amortization expense increased 88% to \$9.4 million from \$5.0 million in the same year-ago quarter. The change was primarily due to an increase in amortization expense of \$4.6 million relating to an increase in intangible asset amortization from intangible assets acquired through our acquisitions of SGI, Pinehurst, AMS, and Monex, and an increase in depreciation expense of \$1.5 million due to an increase in capital expenditures, partially offset by a decrease of \$1.6 million in JMB and SGB intangible asset amortization.

Interest income increased 1% to \$6.8 million from \$6.7 million in the same year-ago quarter. The aggregate increase in interest income was due to an increase in interest income earned by our Secured Lending segment of \$0.5 million, partially offset by a decrease in other finance product income of \$0.5 million.

Interest expense increased 47% to \$19.0 million from \$13.0 million in the same year-ago quarter. The increase in interest expense was primarily due to higher interest and fees of \$3.0 million related to product financing arrangements due to higher interest rates and higher overall borrowings, an increase of \$2.6 million related to precious metals leases driven by higher overall borrowings, partially offset by a decrease in interest rates, and an increase of \$0.3 million associated with our Trading Credit Facility due to increased borrowings, partially offset by a decrease in interest rates.

Earnings (losses) from equity method investments increased 1,115% to earnings of \$2.3 million from a loss of \$0.2 million in the same year-ago quarter. The increase was due to increased earnings of our equity method investees.

Net income attributable to the Company totaled \$59.5 million or \$2.09 per diluted share, compared to a net loss of \$8.5 million or \$0.36 per diluted share in the same year-ago quarter.

Adjusted net income before provision for income taxes for the three months ended March 31, 2026 totaled \$87.1 million, an increase of \$81.4 million or 1,415% compared to \$5.7 million in the same year-ago quarter.

EBITDA for the three months ended March 31, 2026 totaled \$103.4 million, an increase of \$102.1 million or 7,939% compared to \$1.3 million in the same year-ago quarter.

Fiscal Nine Months 2026 Financial Summary

Revenues increased 142% to \$20.508 billion from \$8.467 billion in the same year-ago period. Excluding an increase of \$7.427 billion of forward sales, our revenues increased \$4.615 billion, or 95.0%, which was due to higher average selling prices of gold and silver as well as an increase in gold and silver ounces sold. Revenues also increased due to the acquisitions of SGI and Pinehurst in February 2025, AMS in April 2025, and Monex in January 2026.

Gross profit increased 165% to \$342.8 million (1.67% of revenue) from \$129.2 million (1.53% of revenue) in the same year-ago period. The overall gross profit increase was due to an increase in gross profits earned by both the Wholesale Sales & Ancillary Services segment and the Direct-to-Consumer segment, including the acquisitions of SGI, Pinehurst, AMS, and Monex which were not fully included in the same year-ago period. The Direct-to-Consumer segment contributed 70% and 57% of the consolidated gross profit for the nine months ended March 31, 2026 and 2025, respectively. Gross profit contributed by JMB represented 26% and 38% of the consolidated gross profit for the nine months ended March 31, 2026 and 2025, respectively.

Selling, general and administrative expenses increased 130% to \$197.6 million from \$85.8 million in the same year-ago period. The change was primarily due to an increase in compensation expense (including performance-based accruals) of \$68.2 million, higher advertising costs of \$17.6 million, an increase in consulting and professional fees of \$6.5 million, an increase in insurance costs of \$6.1 million, an increase in bank service and credit card fees of \$4.5 million, and an increase in facilities expense of \$3.8 million. Selling, general and administrative expenses for the nine months ended March 31, 2026 included \$93.1 million of expenses incurred by SGI, and Pinehurst, AMS, and Monex, which were not included in the same year-ago period as these were not consolidated subsidiaries for the full period. Excluding the increase from newly acquired subsidiaries, our selling, general and administrative expenses increased \$18.8 million from the prior year period.

Depreciation and amortization expense increased 72% to \$24.6 million from \$14.3 million in the same year-ago period. The change was primarily due to an increase in amortization expense of \$10.9 million relating to an increase in intangible asset amortization from intangible assets acquired through our acquisitions of SGI, Pinehurst, AMS, and Monex, and an increase in depreciation expense of \$4.6 million due to an increase in capital expenditures, partially offset by a decrease of \$5.2 million in JMB and SGB intangible asset amortization.

Interest income decreased 12% to \$18.2 million from \$20.6 million in the same year-ago period. The aggregate decrease in interest income was due to a decrease in other finance product income of \$2.6 million, partially offset by an increase in interest income earned by our Secured Lending segment of \$0.2 million.

Interest expense increased 44% to \$47.9 million from \$33.3 million in the same year-ago period. The increase in interest expense was primarily due to higher interest and fees of \$7.2 million related to product financing arrangements due to higher interest rates and higher overall borrowings, an increase of \$5.8 million related to precious metals leases driven by higher overall borrowings, partially offset by a decrease in interest rates, and an increase of \$1.0 million associated with our Trading Credit Facility due to increased borrowings, partially offset by a decrease in interest rates.

Earnings (losses) from equity method investments increased 215% to earnings of \$2.4 million from a loss of \$2.1 million in the same year-ago period. The increase was due to increased earnings of our equity method investees.

Net income attributable to the Company totaled \$70.2 million or \$2.65 per diluted share, compared to net income of \$7.0 million or \$0.29 per diluted share in the same year-ago period.

Adjusted net income before provision for income taxes for the nine months ended March 31, 2026 totaled \$115.2 million, an increase of \$81.3 million or 240% compared to \$33.9 million for the nine months ended March 31, 2025.

EBITDA for the nine months ended March 31, 2026 totaled \$151.6 million, an increase of \$116.3 million or 329% compared to \$35.3 million in the same year-ago period.

About Gold.com, Inc.

Gold.com builds on gold's storied history and heritage to define the future of alternative asset management. Founded in 1965, Gold.com offers comprehensive solutions for all aspects of the precious metals (gold, silver, platinum, and palladium) and collectibles (including rare coins and currency) value chains. Its vertically integrated platform combines market expertise with state-of-the-art logistics, financing, and minting capabilities to serve customers, collectors, and institutional clients globally.

Gold.com's direct-to-consumer marketplace, anchored by flagship brands JMBullion.com, Stack's Bowers Galleries, GovMint.com, Monex Precious Metals, and Goldline, has served millions of customers. The Company's trading and wholesale sales platform, which operates as A-Mark Precious Metals, maintains distribution and finance focused relationships with a network of sovereign and private mints and has been an "authorized purchaser" of the United States Mint since 1986. This platform is supported by the Company's minting and refining operations which include Sunshine Minting and Silver Towne Mint, whose facilities can collectively produce in excess of three million ounces of finished precious metals products per week. Gold.com's Collateral Finance Corporation secured lending subsidiary, CFCGoldLoans.com, extends bullion, numismatic, and sports card loans while A-Mark Global Logistics supports the Company's operations with airport-adjacent distribution centers and IRA-approved storage depositories.

Gold.com is headquartered in Costa Mesa, California, and operates across the United States, Canada, the United Kingdom, Europe, Hong Kong, and Singapore. Learn more at www.gold.com.

Gold.com periodically provides information for investors on its corporate website, www.gold.com and its investor relations website, ir.gold.com. This includes press releases and other information about financial performance, reports filed or furnished with the SEC, information on corporate governance, and investor presentations.

Important Cautions Regarding Forward-Looking Statements

Statements in this press release that relate to future plans, objectives, expectations, performance, events and the like are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and the Securities Exchange Act of 1934. These include statements regarding expectations with respect to growth, the delivery of long-term value, expense optimization, cost containment and operating leverage. Future events, risks and uncertainties, individually or in the aggregate, could cause actual results or circumstances to differ materially from those expressed or implied in these statements. Factors that could cause actual results to differ include the following: The failure to execute the Company's growth strategy, including the inability to identify suitable or available acquisition or investment opportunities; greater than anticipated costs incurred to execute this strategy; our inability to execute on our cost containment and expense reduction programs; government regulations that might impede growth, particularly in Asia, including with respect to tariff policy; the inability to successfully integrate our recently acquired businesses; the inability of the Company successfully to expand its business to include cryptocurrency; the inability of the Company to work with its strategic partners to combine traditional precious metal assets and a blockchain based infrastructure; changes in the current international political climate, which historically has favorably contributed to demand and volatility in the precious metals markets but also has posed certain risks and uncertainties for the Company; increased competition for the Company's higher margin services, which could depress pricing; the failure of the Company's business model to respond to changes in the market environment as anticipated; changes in consumer demand and preferences for precious metal products generally; potential negative effects that inflationary pressure may have on our business; the failure of our investee companies to maintain, or address the preferences of, their customer bases; general risks of doing business in the commodity markets; and the strategic, business, economic, financial, political and governmental risks and other Risk Factors described in in the Company's public filings with the Securities and Exchange Commission.

The Company undertakes no obligation to publicly update or revise any forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements.

Use and Reconciliation of Non-GAAP Measures

In addition to presenting the Company's financial results determined in accordance with U.S. GAAP, management believes the following non-GAAP measures are useful in evaluating the Company's operating performance: "adjusted net income before provision for income taxes" and "earnings before interest, taxes, depreciation and amortization" ("EBITDA"). Management believes the "adjusted net income before provision for income taxes" non-GAAP financial performance measure assists investors and analysts by facilitating comparison of period-to-period operational performance on a consistent basis by excluding items that management does not believe are indicative of the Company's core operating performance. The items excluded from this financial measure may have a material impact on the Company's financial results. Certain of those items are non-recurring, while others are non-cash in nature. Management believes the EBITDA non-GAAP liquidity measure assists investors and analysts by facilitating comparison of our business operations before investing activities, interest, and income taxes with other publicly traded companies. Non-GAAP measures do not have standardized definitions and should be considered in addition to, and not as a substitute for or superior to, the comparable measures prepared in accordance with U.S. GAAP, and should be read in conjunction with the financial statements included in the Company's Quarterly Report on Form 10-Q to be filed with the SEC. Management encourages investors and others to review the Company's financial information in its entirety and not to rely on any single financial or liquidity measure.

In the Company's reconciliation from its reported U.S. GAAP "net income before provision for income taxes" to its non-GAAP "adjusted net income before provision for income taxes", the Company eliminates the impact of the following four amounts: acquisition costs; amortization expenses related to intangible assets acquired; depreciation expense; and contingent consideration fair value adjustments. The Company's reconciliations from its reported U.S. GAAP "net income before provision for income taxes" to its non-GAAP "adjusted net income before provision for income taxes", and "net income" and "net cash provided by (used in) operating activities" to its non-GAAP "EBITDA" are provided below and are also included in the Company's Quarterly Report on Form 10-Q to be filed with the SEC for the quarterly period ended March 31, 2026.
